"Synopsis The ability to accurately identify and assess vinyl can make the difference between paying too much and selling albums for far too little, and the one guide empowering record collectors with these abilities is 'Goldmine' Record Album Price Guide'. The best-selling record price guide on

the market, this new edition contains listings and collector pricing for 70,000 vinyl albums recorded between 1948 and the present. With up-to-date collector values and basic descriptions, this guide covers most genres of record collecting, including rock 'n' roll, country, surf, punk, jazz, classical and more. Über den Autor und weitere Mitwirkende Tim Neely is a voracious record collector with more than 30 years of experience. His personal collection exceeds 20,000 albums, and he is a regular contributor to 'Goldmine' magazine.
