"Pressestimmen 'This beautifully written account is also family history at its best. This book deserves to be read as much for its creative methodology as for its fascinating narrative. Insightful and highly recommended.'--**Carlos A. Schwantes**, author of *Radical Heritage: Labor, Socialism and Reform*'Botkin explores the life of Frank Little, a prominent member of the Industrial Workers of the World (IWW) during its radical effort to organize laborers in the early 20th century. . . compelling and informative, even for those unfamiliar with the IWW and labor struggles of the time.'--*Library Journal*'Both a work of history and biography. . . Little's is, above all else, a human story about a man who fought for justice and fair treatment for workers, and paid the ultimate price for that fight.'--*Foreword Reviews* Über den Autor und weitere Mitwirkende Award-winning author **Jane Little Botkin** served as a public school teacher for thirty years before turning to historical investigation and writing. As a high school teacher, she supervised the compilation of fifteen volumes of the student publication *A History of Dripping Springs and Hays County* (1993--2008), a valuable resource for Texas researchers. In 2008 the Texas state legislature honored her career in education by formal resolution. Botkin continues to contribute to local historic preservation in the Texas Hill Country and New Mexico's White Mountain Wilderness. Her book *Frank Little and the IWW* has won two Spur Awards from the Western Writers of America, the Caroline Bancroft History Prize from the Western History and Genealogy Department of the Denver Public Library, and the Best Historical Nonfiction Award from the Texas Association of Authors. She is currently working on a biography of labor organizer Jane Street."
